Date: Monday, August 19, 2013 2:09:49 PM

Gary, have you heard anything from David about the FS. I am trying to finalize my schedule for the next 6 weeks for close out. It is looking like the only week I will have to review this document would be the week of the September 16th. I am jumping between both the EPA and USGS positions right now, so I am trying to schedule everything, so all the work gets completed on time.

Thanks.

Thanks Gary. The later date for the FS works out a lot better for my schedule.

David,

EPA approves the attached schedule for the San Jacinto River Waste Pits Site. The draft Feasibility Study will now be due by 8/30/2013.
